REGAL LILIES

**Consider
the
Lilies**

**Fragrant
Hardy
Beautiful**

Regal Lilies are the most popular of all the lilies. They are very hardy, large, white, very fragrant, tall, and do well almost anywhere. The demand is growing much greater with each passing year.

The culture of Regal Lilies is very simple. They can be planted in any good garden soil which is slightly acid. If the soil is alkaline, the leaves may turn yellow. They will do best with good cultivation and some irrigation if available. Avoid fresh fertilizers. Well rotted cow manure is good. Give good drainage.

Plant the small bulbs about three to four inches deep, the medium size about six inches and the larger ones about eight inches deep, placing them about six

inches apart in the trenches, and the trenches sufficiently far apart for good cultivation.

As an excellent blooming size we especially recommend size 5-6, as this size should all bloom and make a goodly number of florets to the stem. Size 4-5 should also all bloom, but will not have so many florets. The larger the bulb, the more florets, as a general rule. Regal Lily bulbs are measured by circumference. Size 4-5 means 4 to 5 inches around the bulb.

Priced f. o. b. Canby, subject to prior sale, and for cash. Do not send bulb orders of less than \$5.00 total.

Regals are very scarce and in big demand this season and our stock is running very low.

Matilija (Romneya Couteri)

A wonderful perennial producing large white flowers with orange center all through the summer. The fragrance is delightful. The flowers are delicately fluted and frilled and are nearly six inches across; they are borne on strong stems from 4 to 8 feet tall. A fine cutflower or for landscape use. Plant in fall or early spring.

Each \$1.50, 3 for \$3.50

For Summer and Early Fall Delivery:

MUSCARI—Grape Hyacinths, blue mixture.

Large bulbs, 10 for 85c; 100 for \$5.00

Medium bulbs, 10 for 60c; 100 for \$3.50

Small bulbs, 10 for 40c; 100 for \$2.50

HEMEROCALLIS — Daylilies, vigorous, profuse bloomers.

10 plants, each different, separately labeled, for \$4.50

Columbine or Aquilegia

This is a very choice strain, the seed plants being selected from the famous Mrs. Scott Elliott hybrids and other choice strains.

The graceful, long-spurred Columbine is one of the most satisfactory of the perennials. It blooms at a time when flowers are scarce, helping out greatly on Decoration Day, Mothers' and Fathers' Day, Commencements, weddings, etc. It gives a particularly beautiful lacey effect in baskets, combined with Pansies or other flowers, using the Columbine as a back ground, and adding height to the general effect. Columbine works up nicely in funeral designs and is also beautiful in the garden. It blooms for a long period;—is still blooming when the Glads begin.

Seedlings transplanted in the fall will bloom the next season and will become larger and better for several years. The seed may be planted in the spring, summer or fall.

Packet, 200 seeds, 50c.

Safe Delivery Guaranteed by Express

All bulbs, plants and roots, in this Bulbalog are priced f. o. b. Canby, for cash and subject to prior sale. Please do not send such orders for less than a total of \$5.00.

Please designate second choice and whether you wish money returned in case of shortage. Otherwise we may substitute with similar or better varieties.

ELLIS ORIGINATIONS—GRAND CHAMPIONS

Many of our Ellis Originations have been Grand Champions in various of the big shows, some of them several times. They have also won many ribbons as Division Champions, Color Champions, and have won Blue Ribbons galore.

Hence it is with real regret that owing to war conditions we have this past season cut down our Glads to a very small planting. With scarcity of labor and the growing of a much larger acreage of war foods, this seemed advisable. So we have but a small quantity of Glad bulbs to offer this season in comparison to what we used to grow. We shall probably not get out a pricelist of Glads next season although the prices then will be much higher and the demand much greater even than now. We hope to continue growing Regal Lily bulbs in quantity. We can grow them with much less help.

We have found the origination of new Glads so interesting that naturally we shall plan on at least a small planting of a number of the best of our originations, and we are hoping to bring out some improved lilies also, especially an improved strain of Regals on which we are now working.

We have grown Glads for over 20 years and we wish at this time to thank our many hundreds of customers for the fine orders they have sent us, for the many fine letters of commendation they have written us, and for the patience they have shown when often we could not find time to answer letters.

New Whites of Great Beauty—Ellis Originations

Snowcrest Frilled Fragrance Snowbound

Snowcrest is the most beautiful white, a creamy throat crested with white, petals frilled and pointed. Snowbound is pure white with a wonderful texture of great beauty. Frilled Fragrance is a delicately sweet scented white New Era, frilled and fluted.

Set No. 1: 1 small bulb and 2 blts. of each \$25.00

Set No. 2: 1 medium size bulb of each \$30.00

Other New Ellis Originations You Should Have

Crinklecream Nelda Red Lucifer Red Mohawk Red Rose Red Tiger

At one of the big shows, Mr. Gove saw a fine spike of Crinklecream and pronounced it the best yellow he had seen. Whether it should be classed as a cream or a yellow seems to depend on the soil and climate where it is grown. It is very beautifully frilled and ruffled. A companion for it, but in the smoky class, is Nelda, the most beautiful ruffled smoky. In the same ruffled class is Red Rose. The other three reds are all quite different. They are all worthy of a place in every garden.

Set No. 3: 2 small bulbs and 2 blts. of each \$8.50

Set No. 4: 2 medium bulbs of each \$11.50
